Jest kiddingA passenger train slowly crept along. Finally it creaked to a halt. A passenger saw the conductor outside and called to him, "What's going on?" "There's a cow on the tracks!" answered the conductor. Fifteen minutes later, the train once again began creeping down the tracks. Within a few minutes, however, it stopped again. The woman saw the conductor outside the window again. She leaned out the window and yelled, "What happened? Did we catch up with the cow?"
